

Time and money-saving rebuilder kits from Chicago Rawhide.

Transmission Kits

Save sourcing time, cut installation time, simplify your inventory.

Forget searching around—and calling around—for the parts you need to rebuild transmissions. Get the exact components you need in one convenient “suitcase” package, customized by Chicago Rawhide to your specific needs. Available in Seals and Bearings Kit, and Basic Rebuilder Kit.

- Highest quality bearings, seals and gaskets—all meeting or exceeding O.E. specs.
- Bearings and seals in clearly marked, individual boxes
- Kits include all necessary sealing collars, snap rings, springs, bushings, nuts, air line fittings and ferrules.
- Priced less than if parts were purchased individually
- Large selection of kits available (See reference guide on opposite page.)

Application Reference Guide
